

Model: MD 282

Product description

Type of product	Electronic safe
Capacity [litres]	8.3
Outside dimensions [H x W x D mm]	165 x 280 x 235
Inside dimensions [H x W x D mm]	162 x 277 x 185
Laptop compatible	No
Gross weight [Kg.]	7
Net weight [Kg.]	6.7
Keypad	Illuminated ADA compliant rubber keypad
Display	TFT colour display 1,77" ; 4-Digit guest code
Language display	English
Locking system	Motorized with automatic opening
Power	4 LR6/AA 1.5V batteries (included)
Inside battery change	Yes
Low battery warning	Yes
Battery status	Low voltage (graphical & numerical)
Confirmation buzzer	Yes
Spring loaded door	Yes
Inside carpet	Microfiber, beige
Cabinet colour	Anthracite grey (NCS 8502)
Front panel colour	Glossy black
Reprogrammable configuration	Yes

Security

Emergency opening with master key	High security key with anti tamper code
Emergency opening with keypad	Safe Management
Audit system	Premium iAudit (1000 events)

Qualities & Manufacturing

Motor	6V DC motor
Electronics	Welded in an inert atmosphere with electrolytic gold covering.
Locking mechanism	Two 18 mm solid steel bolts
Painting	Polyester epoxy powder coating
Steel thickness [mm]	Door: 5.0 mm / Body: 1.2 mm
Manufacturing technique	Folded and welded
Door construction	Flat, one piece door and frame. Laser cut
Door opening	Left to right

Optional equipment

Right to left	
Custom colour [cabinet & front panel]	
Standard 6-Digits Master Code	
Interior power outlet (EU, US, UK and FR)	
Fixing kit	
iRent - rental system software	
Interior LED light	
Handle	
Anti Tamper – Back cover	
Languages Display: ES, FR, DE, SE, PT	
Mains 220V operation
